CAMELLIA JAPONICAS

THE ARISTOCRAT OF THE SOUTHERN GARDENS

We specialize in growing Camellias, and after many years' experience we pride ourselves on the vigorous, healthy plants we have to offer this season, and the nice collection of choice varieties.

As Camellia names have not been standardized, we are giving the best description that we can of the different varieties.

OUR CLASS A-1 CAMELLIAS

These are the usual best standard varieties, if sizes are not mentioned we can furnish any size listed in our prices of Class A-1.

This is a good semi-double pink with yellow stamens. But is not the true Christine Lee from Georgia where this variety originated. Sizes, 12-18 and 18-24 inches.
